

## **Technical Data Sheet**

## Icorene 2550 UV+ GRN 6006

Linear Low Density Polyethylene

## **Product Description**

Icorene 2550 is a linear low density polyethylene powder specifically developed for rotational moulding. This grade has been designed for applications requiring good processability, toughness and flexibility and is suitable in many different applications.

**Processing Method** Rotomolding

Good Flexibility; Good Processability; Good Toughness; UV Resistant **Attribute** 

Powder **Forms** 

**Appearance** Natural Color; Unspecified Color

Additive **UV** Stabilizer

Application Flotation Devices; Furniture; Outdoor Furnishings

|   | Nominal |          |             |
|---|---------|----------|-------------|
| Typical Properties                                | Value   | Units    | Test Method |
| Physical  |         |          |             |
| Melt Flow Rate, (190 °C/2.16 kg)                  | 3.6     | g/10 min | ASTM D1238  |
| Density   | 0.924   | g/cm³    | ASTM D1505  |
| Mechanical  |         |          |             |
| Tensile Strength at Yield                         | 16      | MPa      | ASTM D638   |
| Tensile Strength at Break                         | 11      | MPa      | ASTM D638   |
| Flexural Modulus                                  | 440     | MPa      | ASTM D790   |
| Tensile Elongation at Break                       | >1000   | %        | ASTM D638   |
| Impact  |         |          |             |
| Drop Impact Resistance, (-20 °C, Internal Method) | 200     | J/cm     | ASTM D4226  |
| Hardness  |         |          |             |
| Durometer Hardness, (Shore D)                     | 52      |          | ASTM D2240  |
